

PROFILING YOUR BRAND AT THE BWS BUSINESS ROADSHOWS

The new format has changed and split into three parts, learning labs, business lunch and the business talks. The #BWSBusinessRoadshow brings the industry leaders to this one day event, great business conversations, making new connections and to spend time investing in yourself, your business and your career.

The #BWSBusinessLunch is hosted by Rachel McTavish, informal, relaxed and a great opportunity to listen to our invited business guest speaker. The lunches helps build interpersonal connections, making business lunches essential for small business owners looking to create valuable, long-lasting connections that can help their business grow.

You will receive a glass of fizz on arrival followed by a two course lunch and interview with our guest speaker.
